SUMMARY

Senior UX Lead with **11 years in UX**, at home in the dense, demanding products most people find intimidating: lending, enterprise analytics and data platforms. Most recently redesigned digital lending for one of India's largest NBFCs (25M+ customers): **six loan products in one native Android app, roughly 60% faster processing and 40% less agent training**. I sit between design, data and engineering, and I ship build-ready work, not just decks.

Based in Pune, open to relocation within India and to hybrid setups. Deep BFSI and enterprise experience: lending, analytics and regulated, compliance-heavy products.

EXPERIENCE

Persistent Systems • Senior User Experience Lead Jan 2026 – Present • Pune, India

- Lead UX across enterprise client platforms end to end, from research and information architecture to build-ready Figma handoff.
- Design AI interaction patterns on a human-in-the-loop rule: AI proposes, people decide, and every output shows where it came from.

Persistent Systems • User Experience Lead Feb 2023 – Jan 2026 • Pune, India

- Redesigned the digital lending journey for a leading Indian NBFC: **6 loan products in one native Android app, ~60% faster processing** than the paper flow it replaced, validated across 5 rounds with 20+ participants; agents needed **~40% less training** on the new UI.
- Built a **100+ component design system** that unified all 6 loan products, and maintain design systems that hold up across web, mobile and enterprise clients.
- Embedded UX inside Agile delivery (Jira, Confluence), keeping product, engineering and business aligned every sprint.

InfoCepts • Assistant Manager, Data Visualization & UX Jan 2022 – Dec 2022 • Nagpur, India

- Designed executive dashboards for global BI clients, built so leaders get the answer without hunting for it.

InfoCepts • Senior UI/UX Designer Dec 2017 – Dec 2021 • Nagpur, India

- Designed analytics products for global clients across Power BI, Tableau and MicroStrategy; ran usability audits and heuristic reviews on live products, then shipped the fixes.

MobiSir Technologies • Senior UI/UX Designer Jan 2017 – Dec 2017 • Bengaluru, India

- Designed websites, mobile apps and social platforms end to end: sitemaps, flows, wireframes and interactive mockups, sharpened with heuristic evaluation and usability testing.

Circuit 9 Communications • Senior Visualizer Apr 2016 – Dec 2016 • Bengaluru, India

- Produced brand and campaign assets across print and digital; turned marketing briefs into production-ready creative.

Jack of All Threads • Senior UX/UI Designer Feb 2015 – Mar 2016 • Bengaluru, India

- Led UX and visual design for India's first crowdfunding platform for custom apparel: the in-browser Design Studio, the two-sided campaign flow and campaign-owner dashboards. **Covered by The Hindu, Deccan Herald, DNA, YourStory and Inc42.**

Early career • Graphic Designer 2011 – 2014 • Bhopal, India

- Brand identities, print and digital campaigns at Jainawin Retails and Prime Advertising, from client brief to production-ready art.
